## President's Message

### ..... Summer's Over and Fall is Around the Corner!

The Circus was successful and we would like to bring them back next year. Thanks go to the Bedford Board of Education, The Bedford Schools Administration and Grounds Crew, and the City of Bedford Safety Forces for making this a successful event.

The first of what I hope to be an action-packed networking/dinner meeting is set to go **on September 21<sup>st</sup>** at 6:00 pm. The program is by DeVore Technologies who are experts in MicroSoft products. This is a growing and very exciting company that has been in Bedford for 14 years. A flyer is attached describing their business. I don't know of many people who don't want to be better with their computer in some way, and DeVore can provide you with that education.

**The Bedford After Hours** is scheduled for **September 29<sup>th</sup>** at DeVore Technologies. Lori DeVore and her staff promise an entertaining evening of hands-on learning about how a high-tech company functions, a tour of their facility, networking and world-class hors d'oeuvres.

**October 1<sup>st</sup>** the Bedford Chamber of Commerce is sponsoring **Harvest Day** along with the Bedford Community Development Corporation and the City of Bedford. It will be on the square. Some of their marketing will be done on the Disney Channel. Currently, donations are needed for this event. Call Rebecca Corrigan for info about donating (735-6520.)

## Vice-President's Message

- Thanks to good weather and dependable help, our annual summer of Parties in the Park was again very successful. Sure, we had a few nights of threatening weather, but we were lucky and had 13 weeks without a rainout.

The bands were well-received, Anna Rose's catering did a terrific job of feeding the crowd, our kid's craft table was in full use and our help at the Chamber table with door prize tickets and 50/50 tickets was nothing less than awesome. We had a great summer of fun at the Commons and already we are planning for 2006.

If we may, we would like to editorialize for a moment. In the recent past, there has been some conversation about changing the format, the venue, of our Parties in the Park. There has been some talk about increasing the crowds by changing what we have been doing for 20 years. Well, we do not see any need or logical reason for any change. This year, we had 2 nights with crowds of over 800, 8 nights with crowds between 500-700, and 3 nights with crowds just over 400. What more can we hope for? This is NOT a weekend festival. We are still widely acclaimed as the very best in the area (and maybe all of Ohio) with the kind of weekly activity we produce. As they say, "If it's not broke, why fix it?"

Finally, we wish to say thanks to all those I made reference to in the above paragraph. It takes a combined effort of many to be as successful as we are. Also, thanks to the sponsors and those who provided door prizes. You are all the most important part of what makes our events so wonderfully successful!
